Treasury Report.

Annual Report of the Secretary of the Treasury to the two Houses of Congress.

Treasury Department,
December 3, 1817.

Sir,—I have the honor to enclose a report, prepared in obedience to the act, entitled "An act to establish the Treasury Department."

I have the honor to be,
Very respectfully,
Your most obedient servant,
WM. H. CRAWFORD.
The honorable the President
of the Senate.

REPORT.

In obedience to the directions of the "Act, supplementary to an act to establish the Treasury Department," the Secretary of the Treasury respectfully submits the following report and estimates:

REVENUE.

The net revenue arising from duties upon imports and tonnage, internal duties, direct tax, public lands, postage, and incidental receipts, during the year 1815, amounted to \$49,552,852 02.

Viz: Customs \$6,303,231 77; internal duties \$5,963,225 88; direct tax \$5,723,152 25; public lands, exclusive of those in the state of Mississippi and Alabama territory, \$1,287,959 38; postage and incidental receipts \$275,282 84.

And that which accrued from the same sources, during the year 1816, amounted to \$6,743,574 07.

Viz: Customs (see statement A.) \$7,669,769 71; internal duties (see statement B.) \$4,996,133 25; direct tax (see statement C.) \$7,833,343 20; public lands, exclusive of those in the state of Mississippi and of the Alabama territory, (see statement D.) \$1,734,487 38; postage and incidental receipts \$274,480 53.

It is ascertained that the gross amount of duties on merchandise and tonnage, which have accrued during the three first quarters of the present year, exceed \$17,000,000; and that the revenue arising from internal duties and from the public lands, during the same period, exceed that of the corresponding quarters of the year 1816.

The balance in the Treasury on the first day of January, 1817, exclusive of \$10,665,287 dollars 36 cents, in Treasury Notes of every description, amounted to \$11,295,592 86.

The payments in the Treasury, during the three first quarters of the year, are estimated to amount to \$27,095,994 14, viz: customs \$17,782,068 22; internal revenue and direct tax \$3,450,173 43; public lands, exclusive of those in the state of Mississippi and the Alabama, \$1,326,077 44; postage and incidental receipts \$26,913 93; repayments into the Treasury \$30,751 13; and the payments into the Treasury, during the fourth quarter, from the same sources, are estimated at \$980,000—making the total amount estimated to be received into the Treasury, during the year 1817, amount to \$33,075,984 14.

Which, added to the sum in the Treasury, on the 1st day of January last, makes the aggregate amount of \$44,371,577 00.

The application of this sum, for the year 1817, is estimated as follows, viz: to the 30th September the payments have amounted to \$27,110,002 98, viz: civil, diplomatic and miscellaneous expenses, exclusive of \$75,000 paid to the state of Georgia, from the proceeds of the Mississippi lands \$2,798,248 75; military service, including average, \$7,105,616 90; naval service \$2,444,474 25; public debt, exclusive of \$3,922,927 60 of Treasury Notes, which have been cancelled in due course of settlement, \$20,761,462 98. During the fourth quarter it is estimated that the payments will amount to \$5,600,000; civil, diplomatic & miscellaneous expenses \$600,000; military service \$1,110,000; naval service \$1,300,000; public debt, to the 1st of Jan. 1818 inclusive, \$2,650,000; making the aggregate amount of \$33,075,984 14.

And leaving on that day, exclusive of eight millions, 682,697 70 in Treasury Notes, which are in a train of settlement, in order to be cancelled, a balance in the Treasury of \$6,001,575 88.

OF THE PUBLIC DEBT.

The funded debt contracted before the year 1812, which was redeemed on the 1st day of October 1816, as appears by the statement, (A) amounted to \$7,494,267 91.

By the same statement it appears that the funded debt contracted subsequent to the first day of January 1812 amounted to \$74,801,551 28; making together the sum of \$82,295,819 19; to which must be added the temporary loan from the Cumberland Bank of \$50,000; making the aggregate amount of \$82,345,819 19.

On the first day of January 1817 there was added to the above amount, including seven millions dollars of five per cent. stock subscribed to the bank, and including also a temporary loan from the bank

of \$500,000 dols. the sum of 7,877,471 61; from which deduct the amount of the old 6 per cent. and deferred stock reimbursed between the 1st day of October and the 1st day of January 1817 inclusive, amounting to \$15,484 42; leaving the sum of 7,861,987 19.

Making the public debt, which was unredeemed on the 1st day of January 1817, as appears by statement (B) amount to \$115,307,805 48; from the 1st day of January to the 30th day of September 1817 inclusive there was, by funding Treasury Notes, added to the public debt, as appears by statement (C) the amount of 1,087,315 43; making on that day as appears by statement (D) the aggregate amount of 116,395,120 91.

During the same period there was purchased and redeemed of the public debt, including five hundred and fifty thousand dollars of temporary loans, the sum of 16,993,275 56; which, deducted from the amount of the public debt last stated, leaves unredeemed on the 1st day of October 1817 as per statement (E) the amount of 99,391,845 41.

Since the 30th September there has been purchased or redeemed of the public debt, as appears by statement (F) the amount of \$33,335 16; and there will be reimbursed of the principal of the old six per cent. and deferred stock to the 1st day of January 1818 inclusive the amount of 709,513 70; making together 1,042,748 86; which being deducted from the aggregate amount of the public debt on the 1st October there will remain unredeemed on the 1st January 1818 the sum of 98,369,096 55.

By the same statement (G) it appears that the principal of the public debt purchased and redeemed during the year 1817, including 550,000 dols. of temporary loans, amounts to 18,036,923 72.

In this sum is included all the funded debt held by the Bank of the U. States.

The old six per cent. stock will be redeemed in the course of the year 1818. The first instalment of the Louisiana debt falls due on the 21st day of October that year. According to the terms of the convention this debt is to be discharged by annual instalments of not less than three millions each. It is therefore presumed that consistently with the letter of the convention the whole debt cannot be discharged in one payment. But for this obstacle, in the present state of the Treasury, and under the existing provisions of the sinking fund, the whole amount of the stock might be redeemed on the 21st day of October next. It is believed that neither the letter or spirit of the convention forbids the redemption of that stock in two annual instalments, by which the whole debt will be redeemed on the 21st day of October 1819.

After the redemption of the Louisiana stock, there is no part of the principal of the public debt redeemable at the will of the government until the first day of January 1825, except the 5 per cent. stock subscribed to the Bank of the U. States. As the commissioners of the sinking fund are not authorised to redeem the 5 per cent. stock, the permanent annual appropriation of 10,000,000 of dollars from the year 1819 to 1825 under the existing laws, can only be applied to the payment of the interest of the public debt, and to the gradual reimbursement of the principal of the 6 per cent. deferred stock; and will leave during that period an annual surplus of nearly five millions of dollars.

During the year 1825, the exchanged 6 per cent. stock, the 6 per cent. stock of 1812, and the stock created by funding Treasury Notes, amounting together to \$18,895,450 23 will be redeemable. To the redemption of the whole of this stock within that year, the sinking fund, by the aid of its surpluses, will not only be entirely adequate, but will be amply sufficient to redeem the remainder of the public debt at the several periods at which the different stocks of which it is composed become redeemable. The whole debt, including the 5 per cent. stock, will be extinguished during the year 1830 except the 5 per cent. stock which is not redeemable at the will of the government.

It is not presumed that taxes will be imposed and collected, for the express purpose of purchasing the funded debt above its nominal value. It is, however, believed to be unsafe to reduce the revenue below the permanent annual expenditure as now authorised by law, including the appropriation constituting the sinking fund. A reduction below that amount would postpone the redemption of the public debt beyond the periods when the several loans of which it is composed become redeemable, or impose upon the legislature, the duty of resorting to them anew for that object.

If, then, the revenue shall, until the year 1825, be equal to the present annual expenditure, it is respectfully suggested whether the public interest will not be promoted, by authorising the commissioners of the sinking fund to purchase the funded debt at such rates above par, as in their judgment will be for the interest of the nation, rather than to suffer the annual expenditure of the sinking fund to remain in the treasury unapplied, for five successive years. Should such an authority be given to the commissioners of the sinking fund, it is probable that the different species of stock would advance in price above their present current value; but as the authority would be permissive, not imposing the obligation to purchase, it is probable that the surplus of the sinking fund might be more beneficially employed in purchasing the public debt, than by

remaining idle in the treasury, until the year 1825. If that surplus could be annually invested early in each year, at the present prices of the different species of stock, it would produce a saving to the nation of not less than four millions of dollars, between the first days of January 1820, and 1825. The interest which will accrue on the 5 per cent. stock, between the first days of January 1820, and 1825, when it is estimated the whole redeemable debt will be discharged, will amount to \$3,500,000; if, therefore, it is intended to redeem that stock, the surplus in the sinking fund may be legitimately applied to that object, during the year 1820 and 1821.

By statement (H) it appears that the treasury notes which have issued under the several acts of Congress on that subject, have amounted to \$6,133,794.

Of which there has been cancelled at the treasury 26,574,481.

There is now in the treasury, which will be cancelled when settled, exclusive of 422,519, 77, the estimated interest upon them, the amount of \$623,400.

Making together the sum of \$5,497,881.

Leaving outstanding, an estimate balance of 635,963.

As the outstanding treasury notes are convertible into funded debt, which is considerable above par, it is presumed that such portion of them as are not lost or destroyed, will be funded, instead of being paid into the treasury in discharge of duties and taxes. It is therefore probable that an addition to the public debt will be made during the year 1818, nearly equal to the treasury notes estimated to be outstanding.

Statement (I) presents the state of the land offices in the state of Mississippi, and in the Alabama territory, from which it appears that the receipts into the treasury have amounted to \$1,131,100 81, of which \$31,120 were in Mississippi stock.

From the proceeds of the sales of these lands, there has been paid to the state of Georgia the sum of \$68,411 33, and there has been transferred to the state, by the commissioners of the U. States, under the act compromising the Yazoo claims, that part of the original purchase money remaining in the state treasury, amounting to \$184,515 94, making together the sum of \$72,927 27, and leaving still due to the state the sum of \$77,042 73, which is now ready to be paid under the provisions of the act of the 3d of March last.

By statement (J) it appears that the Mississippi stock awarded by the commissioners of the Treasury to amounts to \$478,434.

From which deduct the amount received into the treasury 431,120.

Leaves outstanding the sum 47,314.

Which it is estimated will be received into the treasury during the two succeeding years, in payment of the public lands in the state of Mississippi, and the Alabama territory, or will be discharged by payments from the treasury out of the proceeds of the sales of those lands.

Of the estimates of the public revenue and expenditures for the year 1818.

The importation of foreign merchandise during the years 1815 and 1816, so greatly exceeded what was presumed to be equal to the annual average consumption, that a general impression was produced that the importations during the present year would fall greatly below that demand. Under this impression, the revenue accruing from that source, for the year 1817, was in the annual report of the Treasury of the 16th December 1816, estimated at \$2,000,000; but it is ascertained that the gross revenue arising from that source during the three first quarters of the year, have exceeded \$2,000,000, and it is estimated that that of the whole year will exceed \$2,000,000.

It is presumed that the importations from the East India during the present year greatly exceed those which will take place during several consecutive years; and that the reaction produced by the excessive importations of 1815 and 1816 has in some degree been diminished by that circumstance. There is however just ground to believe that the revenue derived from this source will not, for any given number of years, fall below that of the present year. Considering that this revenue, during the year 1807 (the last year that our commerce was not greatly embarrassed by belligerent aggression) exceeded \$6,000,000; that the duties then imposed are considerably augmented by the present tariff, and that our population has increased more than thirty per cent. carrying with it in the same degree an increase of the means of procuring foreign articles, with an undiminished relief for their consumption; it is presumed that the revenue from that source during the present year, will be found to be less than that of any number of successive years.

According to these views the permanent annual revenue may be estimated to amount to \$4,325,000.

Viz: Customs 20,000,000
Internal duties 2,500,000
Public lands, &c.

clusive of the Mississippi and Alabama lands 1,500,000
Bank dividends at 7 per cent. 490,000
Postage and incidental receipts 55,000

And the payments into the treasury during the year 1818, may be estimated at the same amount.

To which add the balance estimated to be in the Treasury on the first day of January 1818 6,000,000

Making together the sum of \$30,525,000

The probable authorised demands upon the Treasury during the year 1818, are estimated to amount to \$1,946,331 74.

Viz: Civil, miscellaneous, diplomatic and foreign intercourse 2,069,945 29
Military services, including an arrangement of five hundred thousand dollars 6,265,132 25
Naval services, including one million of dollars for the gradual increase of the navy 3,611,376 20
Public debt 10,000,000 00

Which, being deducted from the amount estimated to be received into the Treasury, including the balance on the first of January 1818, leaves on the first of January 1819, a balance in the Treasury of \$8,578,648 dollars 26 cents, which however will be applied to the redemption of the Louisiana stock, under the provisions of the act for the redemption of the public debt, passed the 3d of March 1817, as far as those provisions will admit. All which is respectfully submitted.

Extract from Annapolis, Dec. 15.

"The change in the executive council, I believe to have been made from the best motives. Some dissatisfaction had existed in several counties on account of appointments, made by the late council: two of the members had resigned, and exertions were making for and against the introduction of the friends of particular men, which induced the majority of the Federal members of the legislature to determine on selecting a council wholly new, composed of men of known independence of mind and free from the influence of personal attachment. I am well satisfied that no disrespect was intended to any member of the former council. [Baltimore Gaz.]

The voice of the people applauds the proposition of Mr. Monroe to look up and reward the officers of the revolutionary army. For the last seventeen years they have been persecuted and neglected. Washington made it a rule in his appointments to office, to select the heroes and patriots who had toiled, fought and bled for liberty; but when Jefferson came into power, he drove them into obscurity. The best way now for Mr. Monroe to find the old soldiers will be to take the list of Jefferson's removals from office; on this list he will find Col. Chester, who lost a leg in the service; General Miller, who lost an arm; Colonel Tossard, who lost an arm; Major Lyman, of R. I.; General Lingao, Colonel Risk of New-York; and innumerable patriots and soldiers who had spent their best days in the service of their country. Many of these have gone down to the grave, stigmatised as Tories and blue light traitors. The gratitude of their country, can now shine "but on their tomb." It will indeed be honorable to our rulers to make public services, instead of party zeal, the standard by which to judge of pretensions to office. But unfortunately, the proposal to reward our old soldiers comes so late, that few of them survive to put their claims in competition with the young zealous of faction, who now accumulate enormous fortunes, in offices

which in federal times gave a bare subsistence to the incumbents. [Salem Gaz.]

On Saturday the House of Delegates took up Mr. Naylor's resolutions for the appointment of a Chaplain—Mr. Blackburn offered in lieu of them a simple resolution, that the house proceed on this day to the appointment of a chaplain. Mr. Naylor accepted of this as a substitute for his own—the resolution was supported by Mr. Blackburn in a speech of some length, and opposed by Mr. Davis of Hanover. The question was taken by ayes and noes; and lost, ayes 60 noes 112.

Additional bills were reported by the committee of Revised Bills, and committed to the committee of the whole on the state of the commonwealth.

Business proceeds apace, but no debating as yet, to make the proceedings interesting to a general reader.

Augusta, Dec. 9.

A Bill we understand is before the Legislature, prohibiting as far as legislative ingenuity and precaution can prohibit, the introduction of slaves into this state—but it is not probable, that in the provisions of the act, which may be necessary and proper for the security of actual emigrants to the state, that certain loop-holes may be left, through which the traders in this species of property, will find a mode of creeping out of its penalties, and of continuing a traffic, which so many ineffectual efforts have been made to prohibit. As the sections of the act we have seen, seem to prohibit the sale of slaves hereafter to be brought into the state, it is probable that future traders will hire them merely for eighty or ninety years, by the expiration of which period, they may calculate upon such an alteration of the act, as to secure them against its pains and penalties, its forfeitures and inconveniences.

Columbia, (S. C.) Dec. 5.

On Thursday last, John Kimbrel, and Mason G. Cole, were apprehended in this place, and committed on a charge of passing counterfeit bank bills. Kimbrel left here about two weeks ago for Charleston, and while there, passed to a Mr. Lipman of that place, four hundred and eighty dollars, under the feigned name Chesterfield; Mr. Lipman soon discovered that the bills were spurious, and immediately went in quest of the person from whom he received them, and found him at Mr. McDonald's tavern, and there learnt that his real name was not Chesterfield but Kimbrel, and that he was one of the proprietors of the line of stages between Charleston and Columbia; he delivered up all the articles which he purchased from Mr. Lipman, and then demanded the bills back. Mr. L. refused to return them to him. He then left Charleston and arrived here on Saturday night last, and on Monday the affidavit of Mr. Lipman was received, upon which he was arrested. Kimbrel swears he received the bills from Cole with directions to purchase certain articles.

The bills are all of the denomination of 20 dollars, and purport to be of the Banks of Newark and Elkton. Those of Newark are all dated April 1816, and signed J. Bennett, President, and William Atkinson, Cashier, and are payable to S. Ward, to F. Smith, and to E. Potts,—those on the Elkton Bank of Maryland, are dated in March, 1814 and 1815, and February 1816, and signed J. Sewal, President, and William Baxter, Cashier, and payable to W. Bates, B. Write, F. Bird, S. Ross, S. Hampton R. Allen, S. Kerr, and C. Hunter.

The bills appear new, and not to have been in circulation, and the figures of both banks to be of the same hand writing; and a similarity may be traced in the various names.

The regular and fast sailing ship Amity, capt. Stanton, arrived at this port last evening in 46 days fr. Liverpool, whence he sailed on the 28th of October.

By this arrival the editors of the Mercantile Advertiser have received Liverpool papers and prices current to the 26th October and London papers and Lloyd's Lists to the 25th, from which they have extracted every article of moment, which follows.

The harvest had been all gathered and the quality was good—except the grain which was housed early in the season—but we are informed the quantity was not so very abundant.

Extract of a Liverpool price current of the 27th of October.
Cotton, Upand, is 7d to 1s 11d; do.

So. 1 to 1 1/2 to 3; do. New Orleans 4 to 5 1/2 to 1 1/2.

Rice (free of duty) 37 to 41s—very scarce and advancing.

Tobacco, James River, 4 1/2 to 5d. The demand continues good and the prices maintained.

Wheat, Amer. per 70 lbs. 12s to 12s 6d; flour, sweet superfine, 59 a 53s per bbl; our do. 38 a 40s—scarcely any thing doing in the article—3 weeks of very fine weather, which still continued, and the harvest completed. The crop of wheat only fair to quantity, but good in quality except where housed too early.—Average price of the first week 78s 4d; do. second week 79s 10d.

Barley 19 a 24s; flaxseed for crushing 68 to 70s—only 150 here, brand 1817, prices asked 75s.

Oct. 28.—A change of wind has brought in about 18000 bags of cotton.

Liverpool Corn Exchange 25th Oct.

We have a good demand for Sweet American Flour for shipment to Ireland at rather higher prices. Wheat and Barley without alteration in value, and not in much demand. New Oats are very saleable, but old ones move off slowly. Wheat, 7s a 12s 9d per 70lbs. Flour, Am. fine sweet 50s a 58s per bbl; do. our 39s a 41s do.

Extract of a letter dated Liverpool October 28.

Within the past two days a great number of vessels have arrived bringing about 18000 bags of Cotton, of which 11,000 are Brazil—3,600 East India and the remainder American &c.—also, a quantity of Ashes, but only a very small supply of Flour—scarcely any thing has been done in Cotton and probably prices may break a little lower; Turpentine of ordinary quality has been sold at 13s 8d at 14s 3d per cwt.—Flour is steady at 43s a 53s but the market rather dull; some rice has arrived from India and more is immediately looked for. The duty is also expected to take place again on the 15th November, so that the market may be expected to go lower.

New-York, Dec. 16.

LATEST FROM ENGLAND.

The regular and fast sailing ship Amy, capt. Stanton, arrived at this port last evening in 46 days fr. Liverpool, whence she sailed on the 28th of October.

By this arrival the editors of the Mercantile Advertiser have received Liverpool papers and prices current to the 28th of October and London papers and Lloyd's Lists to the 25th, from which they have extracted every article of moment, which follows.

The harvest had been all gathered and the quality was good—except the grain which was housed early in the season;—but we are informed the quantity was not so very abundant.

Ex. L. 114 101 to 5s; do. New-Or.

Leans 101 to 2 1/4.

Rice (free of duty) 37 to 41s—very scarce and advancing.

Tobacco, James River, 4 1/2 to 9d. The demand continues good and the prices maintained.

Ashes, pot. 50 to 51 1/2; pearls 62 to 64, and the demand limited; turpentine 17s 3d a 18s, stock small, not above 4000 bbls. scarcely any demand; tar 16 to 18s, but little demand.

Wheat, Amer. per 70 lbs. 12s to 12s 6d; flour, sweet superfine, 59 A 53s per bbl; sour do. 38 A 40s—scarcely any thing doing in the article—5 weeks of very fine weather, which still continued, and the harvest completed. The crop of wheat only fair in quantity, but good in quality except where housed too early—Average price of the first week 78s 4d; do. second week 79s 10d.

Bark 19 A 24s; flaxseed for crushing 68 to 70s—only 150 here, brand 1817, price asked 75s.

Oct. 28.—A change of wind has brought in about 18000 bags of cotton.

Liverpool Corn Exchange 25th Oct.

We have a good demand for Sweet American Flour for shipment to Ireland at rather higher prices. Wheat and Barley without alteration in value, and not in much demand. New Oats are very saleable, but old ones move off slowly. Wheat, 7s a 12s 9d per 70lbs. Flour, Am. fine sweet 50s a 58s per bbl; do. poor 39s a 41s do.

Extract of a letter dated Liverpool Oct. 28.

Within the past two days a great number of vessels have arrived bringing about 18000 bags of Cotton, of which 11,000 are Brazil—3,500 East India and the remainder American &c.—also, a quantity of Ashes, but only a very small supply of Flour—scarcely any thing has been done in Cotton and probably prices may break a little lower; Turpentine of ordinary quality has been sold at 13s 8d at 14s 8d per cwt—Flour is steady at 48s a 55s but the market rather dull; some rice has arrived from India and more is immediately looked for. The duty is also expected to be placed again on the 15th November, so that the market may be expected to go lower.

Land for Sale.

BY virtue of an order from Charles County Court, will be sold to the highest bidder, on the premises, on the 24th day of December next, if fair, otherwise the first fair day thereafter; the whole of the REAL ESTATE of Walter Brook, sen. deceased, situate in Charles County, District of Columbia, and binding on the Potomac river at that well known place Brook's ferry, opposite the mouth of Quantico Creek. This farm contains about 330 acres, and is well adapted to the culture of Indian corn, rye, oats, cotton and tobacco, and a part of it very good for wheat. The advantages from the water are also very great, there being a very good herring and shad fishery, and in their season fish and fowl at almost every kind. The improvements are a good dwelling house with three rooms on a floor, and several other necessary out-houses. The terms are, three equal payments at six, twelve & eighteen months, the purchaser giving bond with approved security on interest from the day of sale. The sale to commence at 12 o'clock.

Francis E. Dunnington, Conts

Nov. 22 - Dec. 2

Sully for Sale.

THIS estate, situated in the county of Fairfax, twenty-two miles from Alexandria, and the same distance from Georgetown, contains about seven hundred and fifty acres. Little River Turnpike passes through it half a mile from the dwelling house. The situation is handsome, and remarkably healthy; the water is good and abundant. The soil which was originally excellent, has for some years past had the advantage of improving husbandry. Plaster of Paris acting with powerful and immediate effect on all grasses and grains. The fields present a good surface for cultivation; and those, now untillied, are covered with red clover. The orchards are very large and thrifty; the collection of table fruit is choice and various. The mansion is spacious and well constructed; the out-houses are conveniently situated, and the whole have been lately thoroughly repaired and painted. The farm houses, which are all nearly new, are extensive and excellent in their kind.

For a gentleman of leisure this would be a delightful residence; and a profitable estate for an active farmer. The title is indisputable, and perfectly unincumbered.

A number of well taught orderly young men, with good stocks and farming utensils of all kinds, and the crops of the present year, if desired, will be at the command of the purchaser.

Application may be made to the subscriber, living on the premises, next the post-office at Pleasant Valley, in Fairfax.

IN pursuance of the authority vested in us by a deed of trust, bearing date 3d day of Aug. 1844, from James Denoale, of Prince William county, for the benefit of the Mechanics' Bank of Alexandria, and at the request of the president and directors of the said bank, we shall, for the purpose of raising the sum of eight thousand seven hundred dollars, with interest thereon from the 20th day of Dec. in the year 1845, and the expenses of the sale, sell at public sale, for ready money to the highest bidder, at the court house in Danvers, on the first Monday in January, the following property in the county of Prince William: a water Grist Mill, on Quantico creek, and ten acres of land adjoining thereto, near the town of Dumfries, known by the name of Denoale's Mill, and all implements and appurtenances thereto belonging. Also, one other piece of land and water grist mill adjoining the above on Quantico creek. Also, one and one half acres of land formerly known by the name of the Saw Mill Tract and to include the Saw Mill and improvements.

Those who are disposed to purchase may view the property before the day of sale.

The subscribers selling as trustees will convey no other right than that which they hold as trustees, not meaning to make themselves personally responsible for the title.

ROBT. YOUNG, E. TRIPLETT,

November 19

Trustee's Sale.

UNDER the authority, and by virtue of a decree of the honorable the High Court of Chancery of the State of Maryland, the subscriber will offer at public sale, on the premises, on Saturday the 20th day of December, inst. at 12 M. if fair, if not, the next fair land day, at the same hour, all the Land of the late Richard Henderson, deceased, situate in Prince George's County, Md. and adjoining or near the town of Bladensburg, containing between 6 and 700 acres, of which a survey and plat will be made previous to the sale, and then exhibited.

These lands are beautifully situated, and in an excellent neighborhood; one third part, or nearly so, is in wood, and about 50 acres of bottom or meadow, which, with some improvement, is capable of producing large crops of timothy, a certain and never failing market for which is found in the City of Washington, about 4 miles distant. This property, lying below Bladensburg, on the Eastern Branch, has the advantage of water conveyance for its produce to the City, Georgetown or Alexandria at a small expense.

Intending purchasers it is supposed, will by themselves or agents, examine the Lands and determine for themselves as to the quality and local advantages thereof, and therefore a more particular description is deemed unnecessary. Mr. Wilson, residing on the premises, will show them.

The conditions of sale are, that the purchaser shall give bond with security to the Trustee, to be approved by him, for paying one 3d of the purchase money with interest within 12 months, one 1/3d with interest within 18 months, and the residue with interest within 2 years from the day of sale; and upon the sale being ratified by the Chancery, and on receipt of the purchase money, a conveyance shall be made in terms of the said decree. COLIN AULD, Trustee.

Public Sale.

UNDER the authority of a deed of trust from John Throop, and Rebecca his wife, in order to secure Hugh Carolin against the effect of his endorsements for the said John Throop, the subscriber will offer at public sale, for cash, on Friday the 2d day of January next, at 12 o'clock, upon the premises, all the right, title and interest of the said John Throop in the undermentioned property, or so much thereof as may be necessary to save harmless the said H. Carolin, viz:

A Lot of Ground, on the north side of King-street, beginning 54 feet eastward of Payne-street, and fronting on King-street 37 feet.

Also, one other Piece of Ground, beginning 176 feet 7 inches from the intersection of Prince and Payne streets, and running southwardly with Payne-street 60 feet.

And another Piece of Ground, beginning at an alley laid off by J. V. Thomas, at its intersection with Alfred-street, and binding north on said street 37 feet 6 inches.

The evidences of title and a more minute description may be seen upon application to the subscriber.

COLIN AULD, Trustee.

December 13

Public Sale.

ON the 10th January next, if fair, if not, the next fair day, will be offered at public auction, on the premises, a certain tract or parcel of LAND, situate in the county of Loudoun, near the Gum Spring, and at the intersection of the Little River Turnpike and Centerville Road, near the 26 mile stone, containing 793 acres. And, on the 5th January next, at Mr. Kankey's tavern, in the town of Dumfries, a parcel of LAND, situate in the county of Stafford, within 8 miles of Dumfries, near Chappawamsic meeting house, and adjoining the lands of Major Tolson and others, containing about 250 acres.

These lands are two third parts of the lands formerly belonging to Robt. Lyle, sen. deceased, in those counties, and divided by commissioners appointed under the authority of court.

It is presumed and wished that all who are inclined to become purchasers, will examine the lands; and, therefore, it becomes unnecessary to be more particular. They will be divided into such portions as may be desired; and the terms of payment will be one third part in hand, and the remainder by equal instalments in one and two years, secured by bond, and bearing interest from the day of sale, with approved security.

COLIN AULD,

December 13

Land for Sale.

IF early application is made, I will dispose of 400 acres of the CEDAR GROVE tract of land. There is surplus timber and fire wood enough on the part I purpose selling to pay, with judicious management, more than half the purchase money, at the price I ask. The situation is healthy, and the land fertile. Contiguity to market is also among its advantages; it being within less than a mile of Mr. Jonathan Janney's mill, where the Alexandria price may be had for grain. Persons wishing to purchase will apply to the subscriber, residing at Cedar Grove, ten miles below Alexandria, and one below Janney's mill.

Fire Insurance.

THE Columbian Insurance Company of Alexandria, continue to insure buildings, furniture, merchandise and other property, from loss by fire. The conditions and terms may be learned upon application at their office, next door to the City Hotel, and will be found as moderate and equitable as those of any other company.

The rates of premium are calculated in reference to the actual risk of property, and are as low as 25 cents per 100 dollars per annum for hazards of the best description, increasing proportionally for risks of a more hazardous nature. Insurances may be made for one or more years, or shorter periods.

RAN AWAY on the 21st ult. from the service of Mr. Jesse Brown, of the City Hotel, SEBASTIAN, (sometimes calling himself Cecilia Green) the property of Mrs. Ann H. Lee, a pale mulatto woman, about 20 years old, of a middle stature, well formed, with small sunken eyes, and Indian hair. She probably has gone to Baltimore, or some of the northern cities, as it is supposed she was seen the next day on the road near Bladensburg, clad in a stuff dress and a cloak or mantle, with a bundle of clothes in her hands. She may possibly be about the town, or in the District. Thirty dollars will be given for apprehending her, if taken within the District, or forty, if at a greater distance, and all reasonable charges defrayed. Enquire of

RAN AWAY from my service, on the 10th inst. my mulatto house-servant GEORGE, between 18 and 19 years of age, about 5 feet 6 inches high, slender made, pug nose, bushy hair, half of one of his upper front teeth broken off—he is very artful and forward, and a capable house-servant—he took with him a variety of clothing. I will give the above reward, if secured in any jail, so that I get him again, and will pay all reasonable charges if brought home. Masters of vessels and others are forewarned from employing or carrying off said servant at their peril.

Fifty Dollars Reward.

RAN AWAY on Saturday evening, the 11th inst. my mulatto man, named NED, commonly called Ned McRae alias Swinburn. He is about 23 or 24 years of age, 5 feet 8 or 9 inches high, and was raised in Manchester. Ned is well made, high forehead and large flat nose; had on when he went away a grey coat and pantaloons, but as he was well provided with clothing of various kinds, it is probable he may have changed his dress. It is believed he went off with his wife, who is left Richmond at the same time; she is very black, and I believe, somewhat pitted with the small pox, talks a great deal, of short stature, and rather thick made. Ned is very artful, and may probably attempt to pass for a free man; he has a down look when spoken to. The above reward will be given if taken out of Richmond or Manchester, and twenty-five dollars if taken in either place, and all reasonable expenses paid for delivering him to the subscriber.

No. 46, Maiden lane, New-York, a fresh supply of the following valuable MEDICINES:

Hamilton's Worm-destroying Lozenges,

Which have within sixteen years past cured an immense number of persons of both sexes of every age and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar title so commonly complained of as operating with violence; on the contrary a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent & is so mild in its operation that it cannot injure the most delicate pregnant lady or the tenderest infant of a week old should no worms exist in the body; but will without pain or griping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

Description of Worms, and the symptoms by which they are known.

Worms which infest the human body are chiefly of four kinds viz.—The Tape or large round worm; the Ascariæ or small maw-worm; the Cucurbitine or short fat white worm; and lastly, the Tremor or tape-worm, so called from its resemblance to tape. This is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—A disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes leathery food and sometimes voracious; purging with slimy and fetid stools; vomiting; large and hard belly; pains and sickness at the stomach; pains in the head and thighs and lowness of spirits; slow fever with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of children"—a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

For the prevention and cure of BILIOUS and MALIGNANT FEVERS, is recommended

Hahn's ANTI-BILIOUS PILLS.

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of these diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance; they are celebrated for removing habitual constiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Hamilton's Elixir.

A sovereign remedy for colds, obstinate coughs, asthma, sore throats, catarrhs, and approaching consumptions. To persons who have children afflicted with the HOOPING COUGH, this discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorders to which children are liable. The Elixir is perfectly agreeable, and the dose so small that no difficulty arises in taking it.
